Attachment: Accompanying Statement of Compliance explaining CPNI procedures

SPTC Telcom, Ltd.
Accompanying Statement of Compliance

To the best of my knowledge, SPTC Telcom, Ltd. (“the Company”) is in full compliance with the FCC rules on CPNI and its requirements for the safeguarding of such customer information. The Company’s operating procedures ensure that it is in compliance with the FCC’s CPNI Rules because disclosure of, or permitting access to, our customers’ CPNI is not allowed without obtaining the requisite customer approval, except as required by law, or the exceptions set forth in 47 U.S.C. §222, and Subpart U of Title 47 of the Code of Federal Regulations; 47 C.F.R §64.2001 through §64.2011.

The Company has designated a Director for CPNI compliance who is responsible for communicating with the Company’s attorney and/or consultants regarding CPNI responsibilities, requirements and restrictions; supervising the training of the Company employees who use or have access to CPNI; supervising the use, disclosure, distribution or access to the Company’s CPNI by independent contractors and joint venture partners; maintaining records regarding the use of CPNI in marketing campaigns; and receiving, reviewing and resolving questions or issues regarding use, disclosure, distribution or provision of access to CPNI.

Appropriate safeguards on the disclosure of CPNI have been implemented in accordance with C.F. R. §64.2010. Customers are properly authenticated before disclosing CPNI on customer-initiated telephone calls or business office visits. Authentication through the use of passwords and back-up authentication questions in the event of lost or forgotten passwords have been implemented. Passwords and back-up authentication security questions are established in accordance with §64.2010(e).

The Company has internal procedures in place to educate our employees about CPNI and the disclosure of CPNI. Employees with access to this information are aware of the FCC’s rules and are prohibited from disclosing or permitting access to CPNI without the appropriate customer consent or as allowed by law and the FCC rules. In accordance with Company Policy, any employee that uses, discloses, or permits access to CPNI in violation of Federal regulations is subject to disciplinary action, and possible termination.

The Company complies with the FCC’s rules regarding the notification of law enforcement and customers, in the event of a CPNI breach. The Company maintains a record for at least two years of any breaches discovered, notifications made to law enforcement (i.e., United States Secret Service and the Federal Bureau of investigation) and customers, and responses from law enforcement.

It is the Company’s policy not to disclose or provide access to CPNI to Joint Venture partners of independent contractors for marketing purposes. Currently the Company has no Joint Venture partners; however, if that changes in the future and the

Company decides to share customers' CPNI for marketing purposes, CPNI will be shared only of those customers who have given express consent (opt-in approval) to do so.

To the best of my knowledge and belief, the Company does not presently use, sell, or otherwise release CPNI for marketing or other commercial purposes. If our customers' CPNI is to be used for sales and marketing campaigns in the future, the appropriate safeguards will be implemented in accordance with 47 C.F.R. §64.2009(c)(d) and (f).
